

# DESIGNING BUILDINGS THE CONSTRUCTION WIKI

Newsletter 3 November 2022 | View on the web

## Features and news

### A quick question

Would you attend a webinar about how to write great articles on Designing Buildings?

If enough people say YES, we'll set it up.

### Click yes or no below

YES I'm interested

NO I'm not interested

**Cracking in buildings**  
What to look out for and what it means.

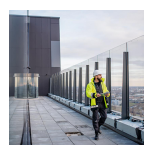

**Types of waste traps**  
From a U to a P and a bottle to a bell.

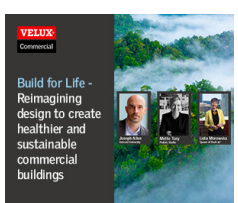

**Sea City**  
A concept project for a sustainable oceanic settlement.

**APM reveals new brand**  
New look and website to reflect 50 years of APM.

**CIOB leaders community launched**  
Next generation of construction leaders from across the world.

## Around the web
