

# DESIGNING BUILDINGS

THE CONSTRUCTION WIKI

Newsletter 20 September 2022 | View on the web

## Features and news

### Design codes: intentions v reality

3/4 of local authorities have no architectural advisers.

### Airflow

Types, characteristics and categories.

### Domestic ventilation systems

A new guide to measuring airflow rates.

### The Construction Historian

Did craftsmen builders actually understand structures?

### Pyro-cumulonimbus plumes

Wild fires, homes at risk and dirty thunderstorms.
