Architectural Design · October 1966 · p.487

RC - 01826

Research record

01 · THE ITEM

Select image to view full size.

02 · INITIAL RECORD

What's there?

A short description of the Meir Transfer Area. The text describes a road-rail-air link and various means of accommodation.

What attracts attention?

The large axonometric presents the transfer area as an integrated arrangement of spaces and facilities. The accompanying plans and section show the more detailed relationships between teaching accommodation, gantry zones, transport routes, servicing and inspection.

Recollection · 1967

To be recorded, if recalled.

03 · INVESTIGATION

Questions to investigate

- * How do the axonometric, plans and section relate to one another?
- * How are the personnel, goods and teaching activities accommodated?
- * What is the intended relationship between the permanent facilities and the provision for temporary enclosures?

Further examination

(1) The axonometric (2) The relationship between transport and teaching (3) The provision for change.

Relationships

PTb <-> DTb

Relationship to be investigated, not assumed.
