RC - 01825

Research record

01 · THE ITEM

Select image to view full size.

02 · INITIAL RECORD

What's there?

A diagram of the primary road net and three aerial photographs showing transfer areas at a larger scale.

What attracts attention?

The diagram presents territorial connections; the photographs bring attention to the physical settings of individual transfer areas. The distance triangle introduces a further dimension: the spatial relationship between those three areas.

Recollection · 1967

To be recorded, if recalled.

03 · INVESTIGATION

Questions to investigate

- * What relationship exists between the existing road net and the lines connecting locations?
- * What do the aerial photographs reveal about the physical setting and accessibility of the transfer areas?
- * What significance do the indicated distances have for the relationship between the three transfer areas ?

Further examination

Identify the three transfer areas and examine the relationship between diagram, photographs and stated distances.

Relationships

PTb <-> DTb

Relationship to be investigated, not assumed.
