Featured articles and news

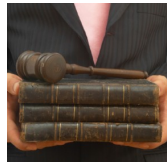

Design and build

Our design and build project plan includes more than 800 tasks, from business justification to post-occupancy evaluation.

Arbitration

When arbitration should be used, and what the pros and cons are.

ACM cladding

The risk of specification errors is "worryingly high" after Grenfell.

Biophilic design

How a BRE office became the centre-piece for biophilic design research.

Framework contracts

They reduce procurement timescales and learning curves - but how do they work?

V2G technologies

Vehicle-to-grid technologies are to get almost £30 million in funding.

Invisible superheroes

A new interactive virtual experience allows visitors to explore the ICE 200 exhibition from anywhere.

Around the web

Construction Index, 14 Feb

A Dutch breakthrough improves the stability of 3D-printed walls.

The Guardian, 14 Feb

The Liverpool community that took back control of their housing.

BSRIA, 14 Feb

The refocused scheme for the Renewable Heat Incentive.

GCR, 13 Feb

Trump's infrastructure investment plan is embarrassingly small.

CityMetric, 13 Feb

An enormous new forest for the north of England.

BBC, 13 Feb

25% of property in England and Wales owned by overseas firms is registered in the Virgin Islands.

Construction Manager, 13 Feb

Laing O'Rourke partner with Stanhope in a huge off-site deal.

GCR, 12 Feb

Eurotunnel express interest in a cross-Channel bridge.

Glenigan, 12 Feb

A surge in planning applications for new homes.

3.5 million people use Designing Buildings Wiki to find construction industry knowledge every year. [Write an article](#) and they will also find out about you.
