# Designing Buildings Wiki

The construction industry knowledge base

## Featured articles and news

### ICE become latest supporters of Designing Buildings Wiki

We are delighted to announce that the Institution of Civil Engineers have joined our illustrious group of sponsors.

ICE's support is crucial in helping expand the range of articles freely available on the site to include the civil engineering which underpins the built environment.

ICE's Director of Engineering Knowledge, Nathan Baker, said, "Our knowledge base is rich and diverse, and as a Learned Society, fostering and sharing this knowledge through a variety of resources sits at the heart of what we do. It encourages innovation and excellence in the industry – and ultimately benefits society."

### Data centre cooling

BSRIA study suggests data centres will opt for a combination of free cooling, liquid cooling and chilled-water cooling rather than computer room air-conditioning.

### Y:Cube

RSHP's factory-built affordable housing scheme welcomes its first tenants in south west London.

### Client and architect

RIBA publish 44-page report to help improve the relationship between client and architect.

### Soft landings

BSRIA guide compares Government Soft Landings and the BSRIA Soft Landings Framework.
