Designing Buildings Anywhere

23 April 2020

Get the Firefox add-on to access 20,000 definitions direct from any website

Want to look up construction industry terminology without leaving the website you're on?

This simple add-on for the Firefox browser gives you instant access to 20,000 definitions, explanations and acronyms on Designing Buildings Wiki while you're browsing. Just highlight construction terms on any website that you want to look up and a window will pop up explaining what they are.

Designing Buildings Anywhere takes less than a minute to add to Firefox.

Try it now.

Click here to get the Firefox add-on

Designing Buildings Anywhere is available for the Firefox browser on desktop and laptop computers. It is not available for mobile devices or tablets.

7.5 million people use Designing Buildings Wiki to find construction industry knowledge every year. **Write an article** and they will also find out about you.
