02 · INITIAL RECORD

What's there?

Two housing systems. The capsule is factory-assembled. The battery system combines units with a sealed servicing network.

What attracts attention?

The contrast between the self-contained capsule and the expandable battery system. The drawings explore not simply housing forms but their assembly, relocation, servicing, changing capacity and relationship to shared space.

Recollection · 1967

To be recorded, if recalled.

03 · INVESTIGATION

Questions to investigate

- * How do the two systems accommodate changing patterns of occupation?
- * Does the battery system's fixed servicing network enable, or constrain, subsequent change?

Further examination

Examine the alternative capsule configurations and the battery housing's staged expansion, servicing arrangements and roof sections.
